

Dry Skin Care

INSTRUCTIONS

Renewing the youthful look of skin will require hydration with good moisturizing products. It is also important to drink 2-3 liters of fresh water daily and eat a healthy diet of fruits and vegetables.

Clean face and neck two times daily with *Facial Cleansing Lotion*. Apply cleanser lightly over wet skin. Leave cleanser on skin for 3-4 minutes, then rinse with warm water. *Facial Cleansing Lotion* will remove makeup easily.

Apply *d'Aloe Gentle Gel* around eye area and over wrinkled lines. Let dry for a few minutes, then apply *Moisturizing Aloe Milk*.

Follow these directions for nighttime as well, only apply *Day-Night Emollients* for nighttime hydration and protection.
