

## Cellulite Masking

Make the mask by mixing the cleansing Set-N-Me-Free Body Wrap Solution Gel into the Set-N-Me-Free Mask Powder for a cellulite treatment with smoothing results after 3 or 4 applications. This masking treatment enhances the effects of regular body wrap treatments when scheduled between body wrap appointments.

Smooth the mask thinly over cellulite areas with a natural bristle fan brush. The mask will dry and become firm after 10-15 minutes. To remove the mask, drape the towel that has been soaked in Aloe Misting & Masking Liquid or Natural Aloe Liquid over the masked area and leave for 1 minute to soften the mask. Gently wipe the area clean with the towel. Use the Aloe Mist to soften any mask that is still on the skin and continue to wipe it away until you have a clean finish.

After the mask has been removed is a perfect time to apply a small amount of Set-N-Me-Free Body Wrap Solution Gel because the outer skin is deep cleaned and exfoliated. The Body Wrap Solution Gel ingredients will be absorbed quickly and thoroughly for optimum results.
